Dear Friends,

Few things in life are more inspiring than giving hope to the hopeless and encouragement to families in crisis. At MIFA, a day never goes by without a senior's life being made brighter, a homeless family being stabilized, or an urban teen being equipped for future success. Old habits are replaced with healthy, new ones. A young person who is constantly exposed to negative influences learns about the options that lead to a healthy future. Seniors are given an opportunity to remain independent, and those in nursing homes are given a voice.

WILLIAMS

CRADDOCK

Thank you for supporting MIFA during the 2007 fiscal year. Without friends like you, the critical needs we address every day would go unmet. This annual report highlights a few of the lives you have helped change throughout the year. These represent more than 60,000 individuals who have been given hope because of supporters like you.

The 2007 fiscal year was not an easy one for MIFA. Both the cost to serve and the need to serve continued to escalate, but our donations were down. Our budgets were tightened even more as we continued to be good stewards of resources.

These challenges have made MIFA stronger. Our strategic planning process is guiding us through 2010. Our board's involvement in that process has given us valuable, diverse and experienced outside perspectives. Included in this planning are initiatives for making our programs the best they can be while also increasing visibility, volunteer opportunities and donor involvement.

Where would our community be without MIFA? And, how could MIFA serve these critical needs without you?

Thank you for your continued support, and we look forward to a continued partnership of helping change lives.

**MIFA Housing Resident**

“When I was in the shelter, they told me about MIFA’s Housing program. Since I’ve been here, I’ve taken classes on parenting and money management, and my case manager is teaching me how to budget and save money. I’m learning things here that I never would have known, and I expect to make it on my own after completing the program.”
